

BOSTECH AUTO'S

EGR Coolers

Our EGR500, EGR501, EGR900, and EGR904 models come with a

Lifetime Warranty

All other models feature a 13 Month Warranty.

Looking for an EGR Cooler whose quality is above OEM? Look no further than Bostech Auto's EGR Cooler products.

Most OEM coolers fail due to cracking, which causes the water and exhaust to mix, or from becoming clogged with exhaust deposits. Bostech has developed a process for making the cooler much more reliable and maintenance free.

Bostech offers EGR Cooler Solutions for light, medium and heavy-duty applications.

Our Coolers are manufactured using stainless steel tubing for better heat resistance and to eliminate exhaust deposit buildup. All joints and seams are tig welded to create a stronger union between the tubes to our precision cut plates and from the plates to the cooler housing. Each cooler is hot water pressure tested and final fitment checked. This makes the Bostech EGR Cooler a must for mass transit vehicles, school buses, ambulances, and the everyday work vehicle.

LOCATIONS SERVING YOU
