GTA45 Replacement Turbo for Series 60 Applications

BorgWarner Emissions Thermal and Turbo Systems Aftermarket is pleased to announce the release of its GTA45 for Detroit Series 60 EGR engines. This value-driven model features a Forged Milled Compressor Wheel (FMW) for increased turbo life and durability.

This new release will be offered in the **ADVANTAGE** Detroit family allowing you to bundle your purchases for extra savings! Part numbers and cross-reference information for the available turbochargers are located on page two of this release bulletin.
