22936980, 23108407, 7421716414

**Type:** Cordierite 12x11"

**Brand:** Volvo/Mack

## Diesel Particulate Filters

**Our DPF's are:**

- ✓ Directly replaceable with OE products
  - ✓ Tested at Dinex Test Center
  - ✓ Made according to OE technology - Comparable PGM loading
  - ✓ Higher soot load capacity, PGM and longer lifetime
- compared to regenerated DPF**

**Cordierite.** Today's leading technology in emission field. Offers serious performance for a lower, more affordable price while keeping tight focus on heat-up efficiency. All Dinex emission solutions are encased in high quality stainless steel mantles, coupled to the substrate via a vibration mat for top-notch holding force and impact protection.
