Dinex USA is in Business to be a Catalyst for Commerce and Conservation

We are always looking for ways to improve your customer experience. Which means we want to hear from you. Have an idea how Dinex can do better? Email or call us. Innovation and success comes from us working together.

Pipe Treatment Systems

Clamps and Gaskets Included

Comes with clamps & gaskets needed for install, saving money and time from ordering several parts.

409 Stainless Steel

All pipes made from durable 409 stainless steel.

Insulation

Several insulation techniques available to ensure proper heat retention for pipes & aftertreatment systems.

OE Grade bellows & 3S Flex

offer superior durability & flexibility in the field.

Exact OE replacement

Less expensive than OE models

1 year unlimited mile warranty on pipe and 6 months on flex

Looped Ends

Looped ends provide a greater adjustment range and band tension.

360° Seal

Full 360° seal means lower leakage rates.

Beveled Shape

Beveling provides a better seal.

Dinex premium clamps are designed to form around the shape of each pipe, fasteners working independently to provide maximum deformation, resulting in the best fit.

A Look at Dinex 3S Flex and Bellows

Choosing the Best Option for You

Durable Dinex 3S Flex and Bellows absorb engine vibrations, engine torque, heat expansion, and come with clamps and gaskets. We offer both 3S Flex and Bellow options for many engine models we cover, with more options being added monthly. How do you decide if 3S Flex or Bellows is right? Check out the information below to help you make your choice.

Dinex 3S Flex

Value priced
Handles longer lengths well
Somewhat low leakage rate

Dinex Bellows

Excellent at absorbing pipe expansion and torque
Dual ply build for flexibility
Very low leakage rate

Technical Specifications for Exhaust Hoses

Hose Type	Type D2S - Round Double Interlocked Profile	Type D2S+ - Round Double Interlocked Profile	Type D3S - Double Interlocked Profile with Additional Inside Layer
Leakage Rate	15.0 l min-1dm-2 @0.15 bar	9.0 l min-1dm-2 @0.30 bar	2.0 l min-1dm-2 @0.30 bar
Flexibility/ Force	60 - 300 N (± 15mm from mid position)	60 - 250 N (± 23mm from mid position)	60 - 250 N (± 23mm from mid position)
Axial Extension	> = 20% (> = 60 mm)	> = 30% (> = 90 mm)	> = 30% (> = 90 mm)
Maximum Torsion	2° (@ compressed length of 300mm)	5° (@ compressed length of 300mm)	5° (@ compressed length of 300mm)

**American
Made**

in Dublin, Georgia

Quality from Turbo to Tailpipe

Emission Technologies

Diesel Particulate Filters (DPFs) & Diesel Oxidation Catalysts (DOCs) for exact OE replacement.

Insulation Techniques

Keeping heat where it should be. Hot inside and cool outside.

Flex Pipes & Bellows

Dinex offers our well-known 3S Flex pipe as well as OE grade bellows.

Clamps

A complete range of low-leakage clamps "tight-fit".

Exhaust Fittings

Several different aftertreatment sensor fittings available (Temperature fittings, pressure fittings, etc.).

Pipes

Bends from 2" to 5" in stainless steel.

Advanced Production

Advanced production techniques ensure our parts work over long distances and times.

We produce our ceramics, coatings, and formed metal in-house to ensure every part going out the door meets our standards.

Dinex employs processes to reduce the number of welds and joints to create longer lasting products.

Standards Driven

Dinex is ISO 9001 certified, as well as holding a number of international certifications.

Superior Diesel Companies is a full-service Parts, Repair, and Service company located in the Midwest Region of the United States. Specializing in General Services, Repair, Diagnosis, Remanufacturing, Fleet Maintenance, Performance, Turbochargers, Fan Clutches & so much more. With 5 locations and growing we are here when you need us.

We believe in having the very best team available, with skills, training and experience are second to none. From repairs, to servicing and performance. The Superior Diesel Companies team has the experience, knowledge and dedication to assist you - in the only way we know how. Efficient. Reliable. Available.
